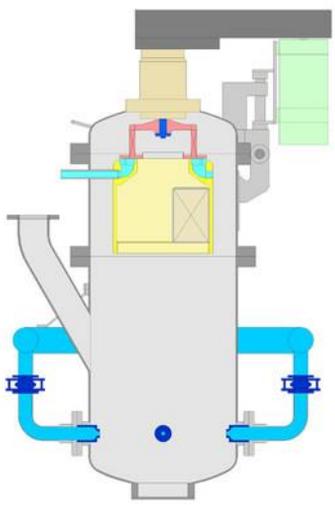
Jet mill

Powder technologies

- **Applications:**
  intermetallics, metal powders, ceramic materials, etc.
- **Feed size**: 100 – 1000 µm.
- **Final fineness:** 3 – 5 µm (depending on material).
- **Capacity:** 5 kg/h.
- **Grinding medium:** nitrogen, air, inert gas.
- **Possibility of setting and monitoring of these parameters:**
  - pressure of grinding media (gas),
  - speed of sorting wheel,
  - dosing rate of material.



Type: CONDUX CGS 10
Producer: NETZSCH -CONDUX Mahltechnik GmbH
